

BLESSING OF WATER

A Responsive Reading

Please raise your Water for Life bottles to receive the blessing

Holy God, Maker of all ...

Bless your world with water for life!

As your Spirit moved over the face of the waters at the very beginning ...

Bless your world with water for life!

As you visited the earth in the days of the psalmist, who proclaims that
“The river of God is full of water ...”

Bless your world with water for life.

As Isaiah said, “Ho, everyone who thirsts, come to the waters...”

Bless your world with water for life!

In John’s Revelation vision, O God,
a river flows through the heart of your city,
sustaining everyone and everything gathered along its banks.

Bless now the people in Masii, Kenya,
as clean water has begun to flow their their new well.
Give them patience as they learn to manager this new resource.
Grant them wise and generous hearts
as they share the water in their community.

As all people everywhere depend on water for life,
enliven our spirits with gratitude and thanksgiving t
o treasure this precious gift and preserve it for generations to come.

Holy god, Make of all.

Bless your world with water for life! Amen!
